

Welcome to Tiny Crusaders Preschool

Thank you for your interest in Tiny Crusaders Preschool. We look forward to getting to know you and your child in the coming year. At Tiny Crusaders Preschool we believe children need to be explorers and they should observe their surroundings in order to learn. We promote the mental, physical, social, and academic growth of children through a variety of activities. Children are guided through a daily program of play and instruction.

We believe in the benefits of center based learning. Each week we will have a new theme to focus on and discover. Along with a theme we will be putting extra emphasis on one letter a week. We will continually go over numbers, shapes, colors, etc. We will follow the Applebaum Daily Curriculum. The curriculum allows the children to be in control of their learning and exploring.

We recognize that children need to develop an understanding of basic concepts but along with that they need to develop social skills. Throughout each school day, the children will have ample time for free play where they can choose which activity they want to play along with who they play with.

We are excited to share our program with you and we welcome your questions at any time.

Sincerely,
Mackenzie Wipfler
Tiny Crusaders Preschool Program Director
